

about cafe kino

café kino is a not-for-profit cooperative owned and operated by its workers and run in part by volunteers. we strive to create a viable business which is open, fair and mutually supportive of all those with whom we are associated.

we aim to implement ecological practices throughout the company and are committed to providing ethically sourced food and drink served to consistently high standards at reasonable prices.

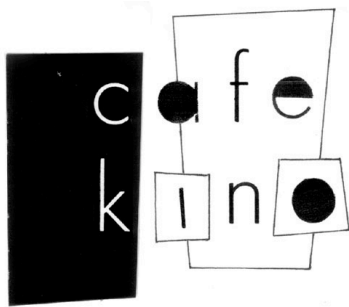

all of our food is vegan and vegetarian, meaning it is free from meat, dairy, eggs and honey. any dishes on our menu that traditionally contain these ingredients have been made using vegan alternatives.

we hope to continue developing the café as an inspiring community space and focus for independent cultural and political activity. we host regular meetings and events and are always open to interesting ideas.

our customer agreement and code of conduct policy

café kino is working to create an atmosphere of respect and understanding in which everyone is valued. we believe in working co-operatively together and learning from our shared experiences. café kino is a safe space for all, where everyone will be treated with respect and worth. we ask that customers respect these goals and treat each other, and our staff, accordingly.

we will not tolerate any form of discrimination, or any behaviour which makes other people feel vulnerable or threatened. this includes, but is not limited to, discrimination against race, age, gender, sexuality, faith and disability. you will be asked to leave if it is felt that you are repeatedly violating this safe space.
